Building Project Update (Next Bulletin and Messenger publications)

The re-formed Building Project Feasibility Study Committee has begun meeting to refresh the feasibility study that was last conducted in 2013. The members of the committee are: Father Tim, Bill Collins, Nic Novacyzk, George Wiciak, Julie Buska, Sharon Shulse, John Borgen, Doug Mikolainis and Kevin Brehm. The goal of the group will be to make a recommendation to the Pastoral Council whether to proceed with a capital campaign to fund a building project and, if so, the general parameters of the recommended building project. A schedule for that recommendation has not yet been established. Updates on the progress of updating the feasibility study will be provided as milestones are reached.
