Third Grade Homework Tips

Daily Homework (**in addition** to work written in the planner)

- Reading for 20 minutes. This can be done independently, with a parent, or a combination of the two.
- Practice basic math facts (addition and subtraction) This can be done with flashcards, paper worksheets, or apps on your phone or tablet.

Helpful Homework Tips:

- Have a designated place for homework to be completed.
- Have pencils, crayons, glue stick, and a ruler available.
- Establish a regular routine for homework, and help your third grader prioritize homework and after school activities.
- Encourage your third grader to avoid late work by checking each assignment off in his/her planner as it is finished.
- Third graders should be taking the responsibility of showing you their planner each day. Please do not sign it if there is unfinished work.
- Assignments written in ink are late or missing assignments written by the teacher.
- Third graders should be packing their own backpacks with homework, books, and folders the night before.
- Resist the temptation to make special trips to school to deliver forgotten assignments, books, planners, etc.
