

Child Protection Training

The Safe and Sacred Learning Center is an online education center designed to train clergy, seminarians, employees and volunteers who are responsible for any part of a youth ministry. The *Safe In Place* video presentation is designed to help persons identify, prevent and report child abuse. It is offered by the Diocese of Baton Rouge as part of the ongoing commitment of the Catholic Church to provide a "Safe Environment" for the youth of the parish.

Online, at the Safe and Sacred Learning Center website: <https://safeandsacred-diobr.org/login/index.php> please click on the "Create new account" button to register.

Individuals accessing the **First Time Training New Course** via Internet will be required to take an online test at <https://safeandsacred-diobr.org/login/index.php> after viewing the course. There are complete instructions for testing on the Safe and Sacred Learning Center site. Successful online test scores will produce a certificate that individuals will forward to Julie Carpenter, at St. Mark Church.

Individuals viewing the **First Time Training New Course** in person at St. Mark will not be required to take a separate test: instead their comprehension of the course presentation is verified in the course of their review of the program.

Individuals accessing the **First Time Training New Course** online (Safe and Sacred web site):

- These individuals are required to go to the Safe and Sacred web site to take a quiz.
- Only scores of 100% will produce a certificate.
- Individuals may attempt the test as many times as necessary to score 100%.
- Individuals will print out their certificate and forward to **Julie Carpenter at St. Mark. (42021 Highway 621, Gonzales, LA 70737)**
- Some individuals may not have printing capabilities. These individuals should write down their certificate's validation code exactly as it reads on the certificate and forward this code to Julie Carpenter.
- Julie's email address is stmarkeoa@eatel.net or fax number is 647-5125.

If you have any questions please contact Julie Carpenter at 647-8461.
