- i. Some questions for possible discussion

1. Are you comfortable talking with others about God? If so, what do you discuss? Do you reveal your images of God? Do you discuss God in a way that may lead others to a deeper faith life? Explain.

According to the criteria in the book, are you a “normal Catholic? Or are you a “typical Catholic” who believes that interest and dedication to the faith is for the pious few? Explain your interest and dedication level to the faith. Are you comfortable at your level or is there room to grow?

2. Are there small sharing groups in your parish where you can meet regularly and discuss your faith? What would it take to begin small group faith sharing?
3. Does your parish have a program in place to actively mentor those who want to grow in their faith? Is your Faith Formation program a place where catechists can actively be mentored? How can you play a greater part in actively mentoring others, especially catechists?
