Phone: (414) 453-5344; Fax: (414) 453-4225

August, 2016

Summer is coming to an end. We are waiting for the return of those who have been away, especially the children. We are also looking forward to a rejuvenated choir under the leadership of Carrie Sanders, a gifted and devoted musician. We need more ministers to enrich our liturgy; our greatest need is for choir members and altar servers. Please volunteer and/or encourage someone.

Religious education classes will be starting soon. We all know that this a very important mission of our parish. Parents with children, please register them and help them learn and practice our faith. Please come with your children for the parents' meeting on September 11. It will also be an opportunity to meet Jan Grosschadl, our new DRE, who comes with lot of experience.

The school is back in session. It is a joy to see children all around. We have been getting the school facilities ready for them. We have repaired the Air-conditioner in the Parish center. We also fixed a few used window air-conditioners in some of the class rooms; they were all donated. We are doing well with the admissions. Some of the classes are full.

Thank you for all the ways you enrich our parish family. Your support means everything. Let us stay connected and praying for one another and the parish. God bless you.

Fr. Thomas Kuttiyanickal  
(Administrator)

John Hyland  
(Stewardship Committee Chair)

## **St. Vincent Pallotti Parish**

### **Vision Forward (Badger Home for the Blind)**

Vision Forward provides a continuum of services, from birth through adulthood, to people with visual impairments, helping them achieve important developmental milestones as well as educational, personal and professional goals. All our programs and services are provided regardless of a person's or family's ability to pay.

At Vision Forward, we focus on ability, not disability, because we know that what people can do is far more important than what they can't do. For this reason, we work to empower and educate individuals and families not only about vision issues, but also about the social and emotional aspects of vision loss.

#### **Our Mission**

Empower, educate, and enhance the lives of individuals impacted by vision loss through all of life's transitions.

#### **Our Vision**

All individuals with vision loss have reached their full potential to lead active, independent lives.
