

Building Our Future

Message from Father Tom

Dear *Friend in Christ*,

I am excited to introduce to you our *Building Our Future* Campaign and our campaign leaders. The *Building Our Future* Campaign is an effort to strengthen our parish and community.

We will be using our gifts to strengthen our parish by:

Project 1 - Demolition of the old & building of a new church hall

Project 2 - Purchase of new appliances

Project 3 - Construction of a new parking lot & landscaping

Project 4 - Replenishment of the church's savings account

The *Building Our Future* Campaign is our biggest campaign – ever! As we begin *Building Our Future*, I encourage you to:

- ✦ **Inform** yourselves of our parish vision and goals
- ✦ **Speak warmly** to your neighbors and friends about our efforts
- ✦ **Pray daily** for our parish leadership, for responsive hearts and for a successful Campaign
- ✦ **Say “yes”** when you are invited to serve

Building Our Future will change hearts, lives, families and our parish – if we pray and work at this together!

Yours in Christ,

Fr Tom

Building Our Future

Kicks-off with Information Weekends in December

Building Our Future will kick-off with Information Weekends detailing our parish vision and goals. With this kick-off in December, you will receive an information packet about our vision for the future. When the time comes, please pick up your information packet, read it over carefully and share this information with others. By doing this, each of us will be playing our own part in *Building Our Future*.

"I Have A Question!"

We, the Steering Committee, are very excited about our upcoming campaign working towards the building of a beautiful, new parish hall. We have tried to be very transparent during this process, and we want to continue to ensure that everyone has access to all information throughout the campaign. If you have any questions, please place them in the collection or email the parish secretary at spittelj@archmil.org. We will address questions in the bulletin as well as in our next newsletter. Thank you!
