

MY UNIQUENESS CAN CHANGE THE WORLD

All Saints Religious Education is very excited to announce a program called “My Uniqueness Can The World” which will be held monthly until the end of April. This program will explore the definitions of uniqueness, the qualities which make each of us different or unique, why our Uniqueness matters and how we can harness it!

We encourage the Religious Education youth to bring friends as it is designed for all age groups.

These topics will be featured on the following dates during Religious Education from 9:30-11:15.

Jan 26 Dare to Be Different

Feb 16 Don't Conform to the Norm

Mar 15 Putting it Together

Apr 19 Changing the World

This program will allow each of us to change the world, by helping us be who God intended us to be. God made us unique because he has a specific plan for each of us. Let's express ourselves and be proud of the things that make us different.
