We are certified by the state and held to the same state standards as all Iowa schools. Our annual standardized test results consistently show the benefits of our rigorous curriculum and focus on each and every child. We have high percentages of students who are not only proficient but are at the advanced proficient level.

All grades participate in language arts, math, science, social studies, Spanish, technology, vocal music, art, guidance, religion, and health/physical education. Band is optional starting in grade five.
