

Building and Grounds Project Listing

Church

Refinish Floor throughout the Church
Remove Paneling around the Church and replace it with Wood
Replace the Florescent Lighting around the edge of the Church with recessed LED lighting
Redo Lighting in church with a more horizontal spread rather than vertical to help eliminating ghosting on faces and statues.
Bring the Altar level to a single height to allow more level space and refinish with marble or other lighter material.
Replace the Current Altar with a Marble Altar
Cover the Block surface with something more appealing. (Suggested to match the material behind the Altar or Drywall.)
Accent the Statues of Mary and Joseph as well as the Stations so they simply do not blend in the background and use horizontal lighting the light them up
Temporarily get the TV in the back of the Church working so the people sitting in the Narthex can see the Mass.
Open the Narthex to the main Church for added seating and to help include the people that don't want to come into the main church.
Replace doors at the front of the Church with Stained Glass doors or Inserts.
Refinish Church Pews and improve mounting. (can be done by sections when the floor is done.)

Parish Center

Install an elevator for Handicap access between the Church, and both the lower and upper level of the Parish Center.
Rework Drainage in front of the Parish Center excess moisture is deteriorating foundation?
Replace all Windows
Reevaluate heating and Cooling System
Bring bathrooms up to code and modernize them.
Establish a schedule for maintenance and replacement of the Roof.
Drywall the ceiling of the lower-level hallway and replace the florescent lighting with LED recessed lighting.
Update the ceilings in each room one at a time with newer tiles and replace Florescent fixtures with LED fixtures.
Upgrade the electrical is several rooms per teachers using the rooms.
Father's Office should have drapes to make in look peaceful and control noise.

Grounds

Replace Parish Sign
Redo all Plantings around the outside edge of the Church.
Consider a Cemetery area and/or Columbarium
Establish Schedule on Asphalt resurfacing and repair.
Replace the Lighting in front of the Parish Center to better light the Parking Lot and the Parish Center Signage.
Install a Water feature in the current Rock Garden Area.
Install a permanent Bonfire Area for Group usage.

Kitchen

Replace the Dishwasher
Discuss adding an additional frier and going to a smaller range

Narfex

Replace etched glass with clear glass to allow better vision for those sitting in the back
Temporary install a TV so people can watch the mass or other services.
Get the Bell repaired before Easter?

Activity Center

Repair Doors
Repaint
Stucko needs cleaning and/or repair near front entrance.
