

EPIC Youth Group COVID Guidelines

(Every Monday Night)

edited 9-30-2020

- If a student is not feeling well or is coughing (even from allergies) **STAY HOME!**
- Taylor will take temperature of students upon arrival, if a student has a temp. of 100+ they will be sent home.
- As the weather permits, we will continue to meet outside.
- When colder weather comes, we will meet in the youth room if the number of students coming is greater than 10-15, we will move to the parish hall where we can social distance more effectively.
- Masks are recommended but not required.
- After each youth group a few students will be asked to help disinfect the surfaces in the youth room (or parish hall).
- These rules are subject to change as the year progresses.
