St. Joseph Chapel

The chapel is open
Monday– Friday
7:00 am-8:00 pm.

St. Joseph Community,

As the 2021-22 school year nears a conclusion, it is with great enthusiasm that I find myself looking forward to the upcoming 2022-23 school year! My name is Chris Multhauf and I will have the privilege of serving as the building principal for St. Joseph School. I would like to take this opportunity to introduce myself to our community.

I am currently completing this school year after serving as a transitional principal for The Stephens County School District in northeast Georgia. Although this has been a short assignment, it is one in which I have been able to learn a great deal working with a tremendously dedicated staff. This opportunity follows my twenty plus year service to The Waterford Graded School District in western Racine County. It is with great gratitude that my wife and I became part of the community in which our children were educated. My administrative career began in the Milwaukee Archdiocese at Our Lady Queen of Peace School. The relationships developed during that time still bless our lives.

The rich history of St. Joseph School is one in which all involved should take great pride. There is a staff that has been so kind and welcoming in my interactions. I look forward to being part of a staff that will work to build on the strong foundation that has been established and work to move our school community to the next levels of success. Furthermore, I look to work with our parish community in any manner that I can offer to bring the message of The Gospel to our daily lives.

My wife and I have two boys that are in high school in Waterford along with three grown children. The boys and I enjoy watching The Bucks and The Packers while my wife is working with her passion for horses. It is with great enthusiasm that I am looking forward to coming home to Wisconsin and home to my new parish St. Joseph.

Gratefully,

Chris Multhauf

Fractions in Action Day

Grades 1, 2, and 3 celebrated fractions by experiencing all of the different ways we use fractions in everyday life. This included making our own lunch using fractions, YUM!
