

# Shepherd of Souls Area Faith Community

## ChristLife: Discovering Christ Participant Feedback - Fall 2021

Here are a few of the many comments received:

### **“What did you like most about *Discovering Christ*?”**

- Getting to meet new people and speak at a deeper level about our shared faith
- Small groups, a mix of parishioners from AFC. The videos/topics each week really made me think and the questions we went thru as a group afterwards helped me grow
- People need the community that this develops
- Definitely opened my eyes to the Biblical basis of each subject.
- The fellowship, sharing of faith
- new perspectives
- Provided an opportunity for me to see & hear how others have grown in their relationship with Jesus – like a role model or mentor
- The group discussions and the faith of the members around our table. The retreat was also a great spiritual experience.
- The people, the speakers, everything!
- Group discussions – developing relationships with people who I knew only by name.
- The explanation of what the actual life of Christ was like and why it is believable
- Sharing my passion with Christ and building fellowship. Learning from others.
- I really enjoyed the video presentations.

### **“How were you personally or spiritually impacted by *Discovering Christ*?”**

- Helped to become less shy and be more open. Helped to find and set next items of faith direction
- These discussions were helpful in deepening my faith and holding me accountable.
- Discovering Christ has opened my mind to deeper conversion to understanding my appreciation of my faith & love of the Lord. I need to deepen my Bible reading now & read the verses in the binder.
- I am encouraged by the # of people looking for Christ and a more active presence in the Church.
- Having fellow Catholics to lean on & grow with. Also, I’ve seen many of these people at church, but never spoke to them (even after 30 years!) It’s so good to build our faith community.
