Just Engagement: The Power to Change

How do I put into action the need for social change in my community?

Through the lens of the Christian faith, Just Engagement is an eight-week module that invites you to look at different ways to engage in your own grassroots advocacy efforts. In small groups you will discern how your gifts, skills and passions are best utilized to create social change. This program includes grounding in Scripture, reflection on past and present social movements, wisdom from community advocates, tools for successful advocacy, and resources to support you and your group for the long haul as you actively impact social change.

“We’re not bringing the kingdom. Jesus is bringing the kingdom. But we can spread the kingdom as we do God’s will as it is done in heaven. So to really spread the kingdom is not to just create a righteous law, it’s to create a society in which government lives out its divine purpose.”
