# *Welcome*

## *To 8th General Music Class!*

Hello! My name is Rachel Phillippe, and I am so glad you are here! I've been playing the violin and piano for 20 years. I was born with an innate passion to create, and I love to share this art with others. I started teaching music in 2013 opening my own private music studio and working with individual students as well as chamber ensembles and orchestras for 5 years. I received my Bachelor in String Music Performance (Violin) from the University of Arkansas in 2017. Continuing with my love for teaching, I completed my Missouri State Certification December 2019, and will receive my Master's in Music Education from Lindenwood University, (Summer 2020 upon completion).

*Rachel's teaching methods are based on the Suzuki and European styles. She firmly believes in the Every Child Can program, and strives to inspire students to grow. Her approach to teaching is to evaluate students individually and assess as to how the student learns and adapt her teaching style that will best help the student to achieve. She is a member of the Suzuki Associations of the America's and has been Suzuki certified since 2009. Rachel has been studying the violin and piano for 20 years.*

*Rachel has performed in over 200 weddings and she has taught over 50 students in group settings, private lessons and chamber groups, including teaching at The Academy of Excellence Eureka Springs, and The New School in Fayetteville Arkansas. Rachel has performed as Associate Concert Master of the University of Arkansas Symphony and has played professionally with the Arkansas Philharmonic Orchestra, under Steven Byess, and the Symphony of Northwest Arkansas (SoNA) under the baton of Paul Haas. She has studied with Dr. Roger Bernardi, (Appalachian State University, NC), Dr. Fred Mayer, Dr. Er-Gene Kahng and Paulo Eskitch, (University of Arkansas).*

Music is my passion. At a young age, music was integrated into my life and became an extension of myself. Studying and playing music is a way to express oneself, to have an outlet and release of tension. Music is one of the activities that activate every area of the brain at the same time. Not only does music bring much pleasure and enjoyment, but it also engrains character such as high work ethic,

resilience, patience, and the competency to learn from one's mistakes and to see failure as an opportunity for growth.

Music is a lifelong learning process that facilitates the growth mind-set in every area of a student's life. Studying music and learning the techniques of playing a musical instrument teach student's high-level motor skills, a refined and sensitive ear, coordination, collaboration with other musicians, social skills, as well as musical abilities such as rhythm, intonation, musicality (the ability to express emotions through music), creativity, higher-order thinking skills (evaluation, prediction, diagnoses, critical thinking, problem solving), and so much more! Once a musician, the experience of one's world is heightened, and one will never view the world in the same way again.

Music is a gift to share. It reaches places in the soul that no words could ever reach. My reason for teaching music is that I want to share this gift with other's. I want my students to have a way to express themselves in a way that is healthy and contributes to a healthy community and life. Music gives stability and is something one can go to at any time to access the positive effects. Music is an art form that gives security. Music involves math, it is a science, an art, it involves social studies, unites cultures, celebrates differences and creates love. Music is evident in nature itself. The benefits of music will last throughout a student's lifetime and I see this as a priceless gift that I feel honored to be able to share with each one of my student's and to our listeners.

# EDGE MIDDLE SCHOOL YOUTH MINISTRY

OUR PLAN TO KEEP OUR YOUTH ACTIVELY CATHOLIC

>> CHALLENGE: "YOUNG PEOPLE ARE LEAVING THE CHURCH..."

*\*These statistics are taken from a recent CARA (Center for Applied Research in the Apostolate study)*

>> SOLUTION: EDGE MIDDLE SCHOOL MINISTRY

**Edge** is a Catholic middle school youth ministry program. It provides a safe and fun place for youth to find solid Catholic community, to get answers to their questions about faith, and, most importantly, to experience Jesus in a profound and personal way.

## WHY IS EDGE EFFECTIVE?

Now more than ever middle school youth need the truth and love of Jesus Christ to guide their lives and they need the faith presented in a way that makes sense to them and is relevant to their lives. **Edge** accomplishes this and builds a foundation of faith that will guide the youth as they face many difficulties and help them as they begin to make decisions that affect the rest of their teen years.

**As middle school youth wade through all the difficulties of this time of life, they have real questions and need real answers. If parish leaders ignore the unique challenges of their middle school youth, they risk losing them forever.**

## FOR MORE INFO:

Meetings are scheduled throughout the year. Notices sent via school newsletter, parish bulletin, & take-home folders.

Contact Jackie to be put on the email list for meeting notices and youth group news.
