St. Patrick School has had several students diagnosed with the Influenza A or Influenza B virus. Strep throat and a stomach bug has also been reported. To prevent widespread sickness in our school, we recommend that your child stay home from school if experiencing flu or cold symptoms. To decide whether or not to send your child to school, please consider the following guidelines.

Definitely keep your child at home for treatment and observation if he or she has any of these symptoms:

- Fever-greater than 100°F and your child should stay home until at least 24 hours after they no longer have a fever. This should be determined without the use of fever-reducing medicines (any medicine that contains ibuprofen or acetaminophen).
- Vomiting (even once)
- Diarrhea
- Chills
- General malaise or feelings of fatigue, discomfort, weakness or muscle aches
- Frequent congested (wet) or croup cough
- Lots of nasal congestion with frequent blowing of nose

To help prevent the flu and other colds, teach your children good hygiene habits:

- Wash hands frequently
- Do not touch eyes, nose or mouth
- Cover mouth and nose when sneezing or coughing. Using a paper tissue, throw it away and then wash hands
- Avoid close contact with people who are sick

Colds and influenza are the most contagious during the first 48 hours. A child who has a fever should remain at home until they are “fever free” for a minimum of 24 hours without the assistance of medication. Often when a child awakens with vague complaints (the way colds and flu begin), it is wise to observe your child at home for an hour or two before deciding whether or not to bring to school. Your child should be physically able to participate in all school activities on return to school. Keeping a sick child at home will help minimize the spread of infections and viruses in the classroom.

Thank you in advance for helping this school year as healthy as possible

Summer Camp Program

Saint Patrick Parish is pleased to once again offer its summer camp program. This program is open to students entering Pre-Kindergarten thru 8th grade. Our program is staffed by many of our teachers, aides, and employees of our aftercare program.

This is the tenth year we are offering this program and we are dedicated to making it a wonderful experience for your child(ren). Our program consists of a daily mix of fun and learning. The children's days will be filled with the leisure of summer and sprinkled with interactive learning activities that reinforce the academic skills from their previous year. Games, relay races, crafts, water activities, along with enrichment experiments and surprise presenters will also be a part of this exciting camp.

This is a wonderful experience for children new to our school to make new friends and become familiar with our school environment. It is extremely helpful for incoming Pre-kindergarten and Kindergarten students and helps to ease the transition of entering school in the fall.

Register now! There are a limited number of spots available. Children will be accepted on a first come basis. A summer care handbook with more detailed information will be sent to those families who register for the program.

The program will run from June 8 – July 17
