SAINT RITA SCHOOL

Family Referral Credit Policy

Saint Rita School is happy to announce that we will continue the policy that will reward any of our current families who recruit and recommend another family to enroll their children in Saint Rita School. A $500 referral credit, per child, will be split between the family who is making the recommendation and the new family who is enrolling in Saint Rita School.

The referral credit will be applied to each family's tuition bill in the fall of the current school year. There are limitations to this policy. It **does not** apply to the Little Falcon Learning Center tuition. The maximum total tuition credit that will be split for any **one** new family referral is $1500. A single Saint Rita family may recommend several new families, but the maximum referral credit would be the **total amount of that Saint Rita family's tuition bill**. If a Saint Rita parishioner who does not have students in the school makes a recommendation that results in a new family enrolling in the school, only the **new** family will receive their portion of the referral credit. We will thank the non-school parent parishioner in an alternate fashion.

Important: Any current family who wishes to take advantage of the policy is asked to complete the referral paperwork and submit it to Mrs. Faith Kirtley by email at fkirtley@stritaschool.com or you can drop it off at the school office.

We thank you for your willingness to share with others the great things that are happening here at Saint Rita School.
