

Family to Family Totes

Peru Sponsors are welcome to send a tote to their Peru family in the shipping container this August but items MUST be placed in the type of tote shown below. They are available in 17 or 27 gallon capacity and sold at Home Depot, Menards and Lowes. We cannot accept Family to Family items in any other type tote due to lack of sturdiness. The other types collapse during shipment. The tote shown below is also able to be closed and secured with wire ties which we will take care of doing when dropped off at St. Anthony's. Peru families will then be able to use their tote to store items in their casa's.
