All families are asked to contribute regularly through the Sunday collection. This is referred to as stewardship. Just as in your family, our parish has monthly financial obligations for utilities, maintenance, upkeep of buildings, and personnel. Consistent stewardship at any level helps our parish honor these commitments.

Why is stewardship important to our faith family? Our monetary gifts represent the fruits of our labors. When offered with the bread and wine at Mass, they become signs of our gratitude for all God has given us. Participating in the Sunday collection sets a good example for our children.
