

# Facebook Live with MAPS!

## Enjoy some extra learning

The St. Joseph Music, Art, PE and Spanish teachers want to give students a chance to explore and create within their online learning experience. Teachers will be on St. Joseph Catholic School-Shawnee Facebook page twice a week. Feel free to watch live or later. Though it's not required, we'd love to see everyone join in and have fun. You can get extra activities from our MAPS teachers by joining their google classrooms with codes below. So get out those art supplies, be ready to play some music, learn Spanish or get some physical activity! It's going to be fun!
