Suicide is a national epidemic! You are invited to attend a one-day training workshop designed to equip those in leadership positions in faith communities and anyone passionate about ministering to those who are desperate due to any type of experience with suicide in how to address the issue of suicide and its aftermath using a faith based approach.

The training includes information and resources on suicide awareness and basic conversation skills along with many other faith based resources you can adapt to your own Faith Tradition. Additional resources are available at a nominal fee. In addition, those who have been suicidal in the past are invited to share their stories to help us gain valuable insights into this societal crisis.

We will gather at Delafield Presbyterian from 8:30 AM to 4:00 PM on March 28, 2019 for this timely conference. The cost of registration is \$5 and lunch is included in your registration. Advanced registration is recommended, as space is limited to 120 attendees. For more information, you can visit [soulshopmovement.org](http://soulshopmovement.org)
