PHILOSOPHY

Saint Katharine Drexel School offers a preschool program for all children.

The St. Katharine Drexel School Family, with parents as the primary teachers, shares the joint responsibility of serving our school and others as well as building faith, knowledge and a cooperative spirit. All students, teachers, staff, parents and administration are vital to the educational program.

GOALS

Our goals are to help the child:

1. Develop positive self-concepts through increased awareness of their special God-given characteristics and abilities.
2. Develop positive appreciation of family, friends, church, and school.
3. Learn about a loving and caring God by discovering and appreciating the world around them.
4. Develop Christian attitudes of sharing, taking turns, listening, helping, loving, thanking, and celebrating.

THREE YEAR OLD PROGRAM

The Three Year Old program is for children who will be three years old by September 1 of the year enrolled.

Our preschool program is based on the "Stories of God's Love" religion program. The program focuses on God's love

The theme is designed to:

1. Help each child discover they are loved and unique.
2. Make each child more aware of their part in God's plan.

Each month has specific themes we focus our lessons on. Our curriculum incorporates math, letters, colors, fine motor development, independence, creativity, art, and God's love.

We believe children learn best by doing!

- Sensory activities
- Art projects
- Prayers
- Games
- Celebrations
- Daily stories
- Science experiments
- Nursery rhymes
- Music and movement
