

STRATEGIC PLAN

This year St. Agnes School will be developing a Strategic Plan! We need your help!

Overview

This year, St. Agnes will be engaging in a Strategic Planning process under the guidance of Marquette University and the Archdiocese of Milwaukee. We have put together a Steering Committee with representation from multiple areas of our school and parish. Additionally, we are partnered with Mr. Dan Garvey, Principal of St. Charles Parish School in Hartland to facilitate the process. The purpose of this plan is to take a thoughtful look at where we are as a school, to celebrate our strengths, and to identify the areas where we can grow. The end result will be a clear roadmap that helps us determine the future direction of St. Agnes School and ensures that we continue to serve our students and families with excellence in faith and academics.
