

Sit and Reflect on the Advent Readings

The Advent season is a time of preparation that directs our hearts and minds to the celebration of our Lord's birth, looking ahead to Christ's second coming at the end of time and recognizing the ways Christ comes to us in our own lives. Please consider taking some personal time to sit and reflect on the Sunday readings to enter more fully into the season of Advent. Jackie Schulz and Maryrose Wolf have prepared some reflection questions each week. Click on the image below for each week's reflection:
