

# We are Blessed!

Through the generosity and kindness of one of our school families, the East stairwell in the school has been painted! On April 5th, **Ulices Munoz** of **CertaPro Painters** wanted to help St. Agnes by offering to have his team paint the stairwell which goes from Kemp all the way up to the middle school wing at no cost to us! He was also able to receive a donation from **Sherwin-Williams** of 30 gallons of paint to make this project happen. Ulices explained that this was likely a \$10,000+ project.

**Thank you Ulices, your CertaPro Painters team, and Sherwin-Williams for this generous donation to help brighten our campus!**
