

Christian Values, Academic Excellence, Value-based Discipline
WHERE is this possible in today's society??
ST. ANTHONY SCHOOL!

ROOTED IN GOD, EDUCATED IN EXCELLENCE, EMBRACED BY FAMILY

"The whole child is educated. Not only are they challenged and educated intellectually, but also spiritually. Conversations about God are encouraged, and the children are called to embrace and live the faith. How wonderful!" St. Anthony Parent

"Most importantly, our son is learning the foundation of living a value-based life. Being centered around God, students learn how to conduct their behavior, work hard among good choices, and learn from poor choices. We are certain that St. Anthony's mission of being "Rooted in God," in addition to family involvement, will assist in helping our children become morally aware and accountable throughout their lives." St. Anthony Parent

Come check out the MIGHTY things happening at St. Anthony School!

Call today and schedule a tour!! 859-431-5987

Visit our
