

Divine Dispatch

Week of 9/22/25

The Mission of Divine Savior Catholic School is to provide an environment for children to excel personally, academically and spiritually. Together we share in the mission of Divine Savior Parish to foster a faith filled community where Catholic values are learned through prayer, service and love. Our goal is to use these values to develop lifelong learners and compassionate leaders.

From the Desk of the Principal

This week Monday is the first day of Autumn. Each year it surprises me how quickly the seasons can change—summer giving way to autumn, as if overnight. It is not unlike how quickly our students change, arriving unsure, with questions in their eyes, yet in what feels like only a moment, they begin to settle in, finding their way, and embracing a new school year. The growth I have seen over the last several weeks has been astounding. Our youngest students are learning how to line up and be ready for the hall. They are practicing the Sign of the Cross and are making some wonderful progress. I have seen some amazing perseverance in our i-Ready test takers. They have been giving their very best and are letting their light shine with the hard work they are doing. Our older students have seamlessly stepped into their role as school leaders, faith leaders and servant leaders. They are role models in Mass for their 3K buddies, they are taking the lead on their student council committees and they are offering service by washing tables, leading the school in prayer and pledge each morning and doing what needs to be done without being asked. Yes, I love the excitement of a new school year, a fresh start full of possibilities, but what I love even more is the settling in. Questions turn to confidence, classroom families begin to feel familiar and students discover what they are capable of. Yes, I love fall!

Yours in Faith, Principal Lynn Sauer

Safe Environment Training

The Archdiocese of Milwaukee requires that any employee or volunteer 18 years or older, that works with or has access to children, go through a Safe Environment training program. The program consists of an in-person training class and an on-line tutorial and background check. We will be holding a training on Monday Sept. 29 from 6-9pm at DSCS. Anyone attending this class must pre-register and do the online tutorial before the training. All school parents are encouraged to take this class so that they are able to volunteer for school events. Please register at this link.
