

At Morning Star Catholic School, we focus on the individual student and each child's unique, God-given abilities. Individual's like our high school student, 17 year old, Zoe.

"She is a beautiful person," says mom, Debbie, "and so are all of her friends. They are all so unique and different. Morning Star Catholic understands that each child is unique. Each has different abilities that need to be built upon and deficit areas where they need help."

Morning Star Catholic School, founded in Catholic tradition, is committed to providing each student with special needs the opportunity to discover their gifts and achieve their personal best as children of God. **Will you consider joining us in our mission?**

"Where you spend a large portion of your day influences who you become as a person," says Debbie. "I am grateful that Zoe has a school that is reinforcing her as a person. I want her to have a well-balanced life and to grow up to become as independent as possible. She may never have a degree from a college, but she will do something meaningful that contributes to the community" says Debbie.

When you donate to our annual fund, you help us inspire students to focus beyond limitations and embrace their potential, students like Zoe; ultimately enabling them to function more independently and become active and effective participants in today's world.

According to Debbie, "we are ALL unique, we are ALL beautiful, we are ALL created in the image of God, and we ALL have something to offer." **What can you offer today?**

On behalf of Zoe, Debbie, and the entire Morning Star Catholic community - thank you for your consideration in investing in a stronger future for our students.

Yours in Christ,

Thomas Doyle
President
