

Virtual Orientation for initial DACA applications

Thursday, January 21, 2021

4pm—5pm (English orientation)

5pm—6pm (Spanish orientation)

BACKGROUND

In the year 2012, the Deferred Action for Childhood Arrivals program, more commonly known as “DACA”, granted hundreds of thousands of undocumented teens and young adults, who were brought to the United States as children, the opportunity to come out of the shadows by allowing them to obtain a social security number, a work permit, a driver’s license, and protection from deportation.

Given immigration policy changes in the year 2017, individuals who would originally qualify for DACA were no longer allowed to apply. This left many immigrants who were brought to the U.S. as children in the shadows without the opportunity to obtain the benefits of the DACA program.

However, on December 4th, 2020, as a result of a U.S. District Court decision, DACA has been fully reinstated and eligible recipients are able to apply for the first time after more than 3 years!

As a result of these recent changes, in this virtual orientation you will learn about:

- The initial DACA application eligibility requirements
- Documents required to submit your application
- The application process
- Service and application fees
- Have the opportunity to ask questions about anything related to DACA

- Are you seeking to apply to DACA for the first time?
- Do you work with immigrant communities and constantly receive inquiries about DACA?

Join Catholic Charities’ initial DACA application virtual orientation to learn how you can process DACA for the first time!
