

Saint Joseph 2023-2026 Goals

At Saint Joseph Catholic Church
We are a Christ centered parish who

Worship Him in the Mass, Adoration and the sacraments. We encourage study to grow our faith and family life and outreach through more than thirty ministries including inter-generational activities.

Pray and sacrifice for Him by debt reduction, vocations , and encouraging prayer intentions for one another.

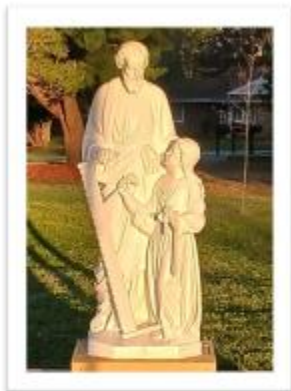

Walk with Him in mission and outreach here, off-campus, and with other parishes.

Rachel Smith (Chair), Michelle Ball, Julie Gilmore, Deborah Pergerson, Marta Abundio, Monica Aguirre.

Over the last three years we have made a concerted effort to reach out to our neighbors and the greater church community. We want to evangelize the neighborhood community within the parish boundaries. Our missions have shed light on the spiritual and material needs of our neighborhood communities. Everyone is invited to help with the various outreach activities.

It is clear that as Raleigh experiences growth and expansion, Saint Joseph's will welcome new parishioners in the upcoming years. We need to have a comprehensive plan for the buildings and grounds to accommodate our growth. We will need to coordinate with the Diocesan plan for Saint Joseph's and South East Raleigh. We will want to understand what you, the parishioners, see as important goals to input to the plan. As a community, we need to discuss if we need a new church, or expand the current one. All of this will help us make prudent decisions for this plan.

Debt Reduction Committee:

It is clear that we have a responsibility to take care of the debt incurred with the new parish center building. It is one of the great additions to our parish and it is getting maximum use. For us to move forward in the master plan it is important to take care of this debt. If we make this a spiritual endeavor and roll up our sleeves, we can make this happen for God's glory. All initiatives from the young and the old, large and small, will be gratefully received. All funds received over our goal will be put towards the master plan.

February 2020	Loan initiation for 13 years:	\$860,758
August 2022	Paydown on principal:	\$297,106
May 2023	Paydown on principal :	\$ 80,000

May 2023	Current debt is:	\$291,949
	Monthly payment is:	\$ 6,147

So far, we have reduced the length of the loan by six years to finish by September 2027.

Our goal is reduce the payoff by another eighteen months. This will save about \$900 in interest per month and enable work on the masterplan.
