

Discernment Project

How Religion has helped me

- If I ever needed anything even if that was just hope I could turn to Jesus or God for support
- He has helped me discover more about myself than anyone.
- Talking to him even if sometimes that feels like yourself helps you workout and think through things making you a better and stronger person.

How Church class has helped me

- Has helped me build a better and healthier relationship with God
- Has taught me how to be a better version of myself. A version I like more
- Through my community service hours I have learned many new skills.

Why I want to be confirmed

- This will bring me a closer relationship with God
- I've learned tons through the process of being confirmed
- The biggest reason I started this process was because of my family so I want to complete it for them
