

"Cell Phone for Soldiers"

The Women of St. Francis is collecting Cell Phone for Soldiers. All donated cell phones are either:

- **Repurposed** - Repaired, wiped of data and given to the vets and active military members or sold
- **Recycled** - If too old or broken, are recycled down to parts and sold for remaining value
- **Proceeds** - Provide international calling cards and domestic wireless minutes for vets and active military members. Proceeds also provide emergency financial assistance to veterans.

When Donating:

- **Remove** -your SIM card (instructions in the Narthex) and then see your type of phone below
- **IPhone** - Click on "Settings", "General", "Reset", and "Erase all content & Settings"
- **Anroid** - Click on "Settings, Type "Reset" in Search Bar, Click "Factory Data Reset"
- **Flip Phone** - Remove back of the phone; remove batteries; check model number. Online, go to manufacturing (Samsung, etc.) type in the model number and follow the instructions.

If all else fails, your providers (AT & T, Sprint, etc.) will help you **terminate** your data.

Please place your phone and chargers in the box in the church's narthex or bring them to a Women of St. Francis' General Meeting. Any questions, please contact Kathy Struna (843)682-4045. Thank you for your support of our military!
