

October 8, 2020

Dear second grade parents,

Our class has been enjoying the beautiful weather, we have been having our religion class outdoors and finish up with some prayer time at the statue of St. Francis of Assisi. I hope this great weather continues!

We've been busy. Below are some of the things we are working on in second grade:

Science—we continue our Animal Adventures unit

Math—place value of 3-digit numbers and regrouping

English language arts—increasing our stamina, phonics, subject and predicate parts of sentences, sight vocabulary, genre, and organizing our writing

Religion—we are beginning unit 2 that focuses on the Trinity

Social Studies—we are learning about different size communities and their attributes. Next week we'll also be learning about Christopher Columbus.

Art—we are learning about cool and warm colors

On Wednesday, the second graders will be leading the all-school Mass. Their speaking parts are being sent home today, please help them practice.

Here are some things coming up next week:

- Wednesday at 10:00—all school Mass lead by the second graders, this Mass will be live streamed
- Thursday at 10:00-the Living Rosary which will be live streamed
- Thursday dismissal at 11:00
- Thursday parent teacher conferences begin at noon
- Friday there is no school
- Friday is the parish fish fry

I hope you all have a wonderful weekend.

Blessings,

Mrs. Knowski
