## Teacher Message

Hello K5 Families!

This week we are learning all about transportation and how we use different modes of travel to go from place to place.

**Literacy:** This week, we are reading stories that help us learn more about transportation and how people travel in different parts of the world. We are focusing on how the text and picture work together to help us understand the story. We are also listening to the text to find rhyming words and onomatopoeia (sound) words in the text. We are learning to sound out our words as we write and draw pictures to explain what we wrote about.

**Religion:** We had fun celebrating all saints day with the whole school at Mass and with our VIP's! We learned about St. Martin De Porres and how God used him to perform miracles. He would help the sick and the poor. Our virtue this week is perseverance. We will be talking about how we should never give up and always keep trying even when it seems like it is too hard.

**Math:** We are starting a new unit in which we are learning to count, represent, and write numbers to 10. Practice counting and writing numbers to 10 with your students at home.
