

# K5 Newsletter

Week of May 25, 2025

**Literacy Focus:** Making connections with the text.  
**Phonics:** Review  
**Sight Words:** Spelling Tests

**Math Focus:** The students are learning to use measurement words and compare measurements of length, height, and weight.

**Upcoming Events:**  
**Monday, 5/26** No School  
**Tuesday, 5/27** Out of Uniform Day (K4 & K5 only)  
**Wednesday, 5/28** Out of Uniform Day (K4 & K5) Please dress for Mass  
**Thursday, 5/29** K5 Summer Send Off & Last Day of School for K4 & K5

**Outside Time:** As the weather is getting warmer, please remember to send your student with a couple different options. A lot of the time it is cooler or windy for our first recess and then much warmer for our lunch recess. Options will help the students to be properly clothed for playing outside.

## Teacher Message

Hello K5 Families!

We are reviewing all the things we have learned throughout the year. We have finished making our dinosaur book and the students did a great job creating very detailed illustrations and writing complete sentences. We continued our Last 10 Days of School Countdown! Our special activity for Day 7 was Picnic Day. Day 6 was Read with our 4th Grade Buddies Day. Day 5 was Field Trip & Board Game Day. Day 4 was Blowing Bubbles Day! On Day 3, we planted the SJE school garden.

**Religion:** We learned about our last saint of the year, St. Christopher. We learned about the Holy Trinity focusing on the Holy Spirit. Finally we learned about how Jesus ascended into Heaven 40 days after he rose from the dead.

**Math:** This week we are working hard to learn about the different types of measurement. We learned that to measure length, we are looking at how long something is. When we measure height we are checking how tall something is. We also learned about the measurement of weight to help us figure out how heavy something is. With all these measurements, we have learned to compare objects and figure out which is taller, shorter, longer, lighter, and heavier. Practice measuring at home by comparing length, height, and weight of different objects.

### Important Notes:

- Please return all books borrowed from school by **Tuesday, May 27th**.
- **Tuesday, May 27th:** K5 students may come out of uniform.
- **Wednesday, May 28th:** K5 students may come out of uniform. We will be attending Mass, so please make sure they are dressed properly for church.
- **Thursday, May 29th:** Summer Send Off Celebration @ 10am. **Students should come dressed in their Sunday Best!** They will be dismissed right after we finish our Summer Send Off program. This is the last day of school for K4 and K5.

**St. Christopher, pray for us.**
