Weyer
Music*

I believe that music is in everyone! I love helping children find their singing voice through songs and games. We learn to sing in-tune, clap rhythms, and move to a steady beat. We then learn to read/write rhythm and melody notes, recognizing what we hear in music and creating our own songs. Our music activities include singing games, dancing, drumming, and listening. It is an absolute joy for me to make music with the children of all ages.

For over 16 years I taught full-time in K-8 public schools. While teaching, I earned my Masters in Music Education at Silver Lake College. Then I was gifted with twin girls and I decided to work part time. I am a music instructor for Wisconsin Conservatory of Music in their Community Connections and Early Childhood Music programs, as well as a private piano teacher. I am also an active member of St Stephen Catholic Church in Oak Creek. As my children are now in school, I am very excited to work both at the Conservatory and at St. John the Evangelist. It means a great deal to me that I may share my gift of music and my love of the Catholic faith with my students. St Augustine said, "When you sing, you pray twice."
