

Caroling at Planned Parenthood 2016

One of the primary charges of the Knights of Columbus is to promote a "Culture of Life" within society. On Friday, December 23, 2016, 5 Brother Knights sang Christmas Carols in front of Planned Parenthood in Sarasota to celebrate life and birth. Fridays is the day of the week that Planned Parenthood performs abortions and throughout the year people from all faiths walk around this center, praying for the end to abortions, and specifically for those involved in performing abortions within that facility. Christmas is a time that we celebrate the birth of Jesus Christ and typically it is a time that we celebrate life. Therefore, we sang Christmas carols outside Planned Parenthood to send the message that Christmas is all about giving birth and celebrating life.
