

### Proper Handling of a Pyx

1. Travel directly to the Communicant without diversion. Handle reverently and quietly.
2. Keep Pyx on your person at all times.
3. Consume all tiny particles that may have fallen off and rest at the bottom of the Pyx.
4. Do not keep Eucharist overnight.
5. Please return unconsumed Eucharist to the Tabernacle or consume and return Pyx to the Sacristy when finished.
