Dear Parents,

Pennsylvania law requires that children receive a dental examination upon original entry into school and in Grade 3. Believing that the family dentist should be the chief source of dental care, we encourage each child to visit their dentist regularly.

If your child will be receiving a dental exam from your family dentist between May and October of this year, you need only to return this form signed by your dentist.

If you do not have a family dentist, Spring Grove Area School District, will provide a dental exam for your child sometime in the spring.
