

Resurrection Parish - Allenton

5-Year Campaign Update

Hello! The pledging portion of our Love One Another campaign is wrapping up, and we want to provide an update on pledges received and the work being done behind the scenes on our remodeling projects.

We are excited to report that Resurrection Parish has received pledges in the amount of \$289,355 which will be fulfilled over a **5-year period**. Of those pledges, \$71,185 will fund projects within the Archdiocese, which include: support for our Seminarians, Priests, Deacons and lay ministers, charitable outreach, and education and formation for children and adults. The remaining pledges in the amount of \$218,170 will directly fund the redecorating project at Resurrection Parish. In addition, 100% of any **future** donations made will go exclusively to Resurrection Parish.

The estimated cost for painting the church, new flooring, new/restored pews, and air conditioning is \$450,000. Currently, we fall short in funds to complete all the projects. There are some Parish reserve funds available, however, further parishioner support will put our Parish in a strong position for our future.

We will hold a social gathering for parishioners to view the renderings of our church interior for your consideration, comment, and input as soon as they are available. Stay tuned for progress updates in the church bulletin. Thank you for your continued support of our growing Resurrection Parish.
