

The Light at the End of the Tunnel

Praise be to God...

Church is opening back up!

Things to know before you come to church:

1. Dispensation is still in place. The obligation of attending Sunday Mass has been removed from the Catholic Family during this pandemic. Attending Mass versus attending Mass online has to do with receiving the body of Christ. This will allow those who can attend Mass to come to a weekday Mass instead of a weekend Mass. We have added additional Masses during the week to accommodate anyone who is able to attend Mass during the week. Our church can accommodate a minimum of 125 people — more if families can sit closer together. We usually had over 1700 people attend Mass on a weekend. ***We want everyone that is healthy and able to come to church.... To come and receive the Body of Christ, but that can be done on any day Monday—Sunday. Please consider attending on a weekday instead of a weekend. We will continue recording Mass and uploading to our website.***
2. ***DO NOT COME IF YOU ARE SICK.***
3. WHEN YOU COME TO CHURCH:
 - * ALL ATTENDEES MUST WEAR A MASK.
 - * We will try to have hand sanitizer available, however, we ask that you bring your own.
 - * Restrooms are closed—we do not have the space and we do not have the staff/volunteers to control the number in the restroom and clean the restroom between Masses.
 - * The water fountains will be closed.
 - * The hymnals and missals have been removed. We will put the readings in the parish bulletin and the bulletin will be available for you to take before you go into the church.
 - * You will be seated by Ushers.
 - * If we have seated all we can seat, you will be asked to come to the next Mass. If you choose to wait for the next Mass, we ask that you wait in your car. If an usher informs you that the church is full, please be patient and come to the next Mass or come to a Mass during the weekday.
