Opening Prayer

Guests Open Forum

Rick Vogt, Athletic Director

- Bulk of reserves has been spent on the brand new floor and curtain divider. There is some money but nothing extra and with decreased sports enrollment revenue has gone down, costs for reps and league entries go up.
- Athletics wants to get reversible basketball uniforms because many teams have similar colors. \$60 to \$80 per uniform. There is three years of wear on the current uniforms.
- They would like a tent for the track team, a double easy up branded canopy. This could also be put up for other school events. \$1499 and sides another \$500 so about \$2200. They want to get this by April for their meets.
- Vote approved unanimously for the canopy.
- Looks like we will move forward with soccer from K4 – grade 4. This is great for getting the younger kids involved in sports.
- We can sell spirit wear at games.

Principal's Report - Lisa Ellis

- A die cut machine has been picked out and ordered.
- A presenter for teachers' professional development will be picked out soon.
- Additional Chromebooks will be ordered.
- A supply list is being created for K3 and the room has been measured by a furniture professional and plans will be drawn up.
- There will be a K3 orientation day.
- Our open house was the most successful to date. We will continue following this format.

President's Report - Sheila Petasek
