Guests Open Forum

- Robert Weber suggested a new fundraiser idea - a car show.
- In the church and school parking lot; typical rate is \$10 per car; there can be prizes. He contacted Matty's to see about a food truck. Once they hit \$500 in sales you are free and clear. This could run from 10am to 3:00pm on a Saturday, or pair this up with a brat fry to generate attendance.
- The concept will be presented to the finance committee.
- Time of year and co-location with other events will be determined at a later date and pending approval.

Principal's Report - Lisa Ellis

- Sensory tables for Ms. Rice and Mrs. Kloiber were requested. Would Home and School be willing to fund at least two of these? They average \$100 - \$400 depending on type. Marketing team is researching tuition assistance options.
- Insurance Company walked through the building to confirm compliance. They think there is too much in storage in the walk ways upstairs. This is a shared space but Home and School will review what we have up there. Glass in the trophy case is not the proper glass, otherwise the report is clean.
