

**St Leonard Parish School Committee**  
**Minutes 10/9/18**

**Attendance:** Lisa Ellis, Nate Miller, Lawrie Pietrowiak, Joan Prentki, Fr. Dan, Jason Visner, Dan Heding, Alison Kleibor and Colleen Michaud

Welcome and opening prayer was done by Fr. Dan at 6:03 pm.

**Old Business:**

The Parish School Committee is looking into having parish-wide parade participation for next year and moving forward. It would be good publicity and relationship building for both the school and parish. Last month's minutes were approved by Jason Visner and seconded by Colleen Michaud.

**New Business:**

**Athletics:** Hopefully all the St. Leonard sporting events will be listed on School Speak and announced during the school day. We are hopefully also making one master schedule that can be attached to the school website to make it easier for families to find games to attend and support our athletics.

**November Meeting:** This falls during parent/teacher conferences. We made a motion to cancel it and e-mailed amongst the committee members to see if there were any problems that needed to be discussed before the December meeting. Jason approved this motion and Joan seconded it.

**K3:** We spent the rest of the meeting discussing adding a K3 to our school next year and brainstorming questions that need to be answered to move forward. It was noted that about 43 parish families would have 3 year-olds that could possibly attend in the fall of 2019 per Kathleen McGillis-Drayna's research. We will create a team of 3-4 individuals to go out and look at other schools in our archdiocese with K3 programs to ask questions and gather information to help us make the best decision. Many questions still need to be addressed at our next meeting as to how this would look with scheduling and how we would make it financially feasible.

Closing prayer was said by Lisa Ellis at 7:00 pm.
