Dear Families Considering St. Leonard School,

On behalf of the faculty and staff, I want to thank you for your interest in St. Leonard School! It is with great pride that I serve as principal and work collaboratively with this community to give our children the education they deserve from K3-8th grade, from their first experience with school to graduation and beyond.

It is our mission to walk in the footsteps of Christ by supporting the development of the whole child: spiritually, morally, intellectually, socially, and physically. St. Leonard School prides itself on building a strong community. We strive to provide leadership skills children need to succeed once they step out of our doors and go on into high school.

At St. Leonard School...

- Children receive a **strong foundation** in core subjects and religious education. They also develop their creative talents and interests in art, physical education, foreign language, and music, all through the lens of the Catholic tradition and Christian values.
- Each child is challenged to **realize his/her individual potential**. Teachers help them develop competence, self-confidence, perseverance, and integrity. They empower their students to think critically and constructively, making it possible for them to become leaders.
- Children are exposed to the regular practice of all forms of prayer, as well as **meaningful participation** in liturgical experiences.
- Our **families become actively involved** in the spiritual, academic and social development of students.

I invite you to come visit St. Leonard School to learn and experience more of what we have to offer. Please call 262-679-0451 or use our online [contact form](#) to arrange a tour or to ask any questions you might have. I look forward to meeting you and starting this journey together.

Sincerely,

Laura Bisher
Principal

Growing as Catholics in the image of Jesus Christ through worship, formation and community
