

Stewardship of the Body

“I give you thanks that I am fearfully, wonderfully made” (Ps. 139)

CPR & AED Training

There have been inquiries about scheduling another CPR & AED Training session at St. Mary's. Don Palmiscno is willing to conduct another training session sometime in the next few months.

Anyone who is interested in participating in a CPR/AED training session may contact me (Virginia Esslinger, Parish Nurse) by leaving a message at the church office (775-9318), at my home (775-8208) or by e mail at vesslinger@gra.midco.net. I would appreciate hearing from interested persons by March 20th.

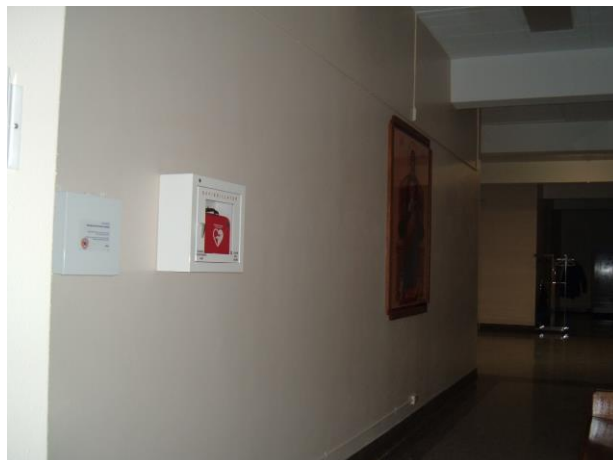

The training session would be offered on an evening during the week. Depending on the number of participants, it would last from 2-3 hours. The training session consists of information and demonstrations of CPR and the use of the AED. Each participant also is required to practice both CPR and using the AED on a manikin.

Here's the answer to the question: **Where is St. Mary's AED located?**

Answer: St. Mary's AED is located in the hallway leading from the church into the school. It is on the wall above the water fountain. Included in the case with the AED are 2 face masks to use in rescue breathing. Located next to the AED is a fully equipped first aid kit.
