

Deadlines in Sacramento

CA Legislature Forcing Death Culture Here and On Other States!

Deadlines loom for California legislation. [AB 624 Student ID cards](#) is on the Senate floor. it would require all student cards even charter schools, to have a 'sexual advice' hotline number for local Planned Parenthoods or similar. This is in an effort to get around parental involvement. Contact [your State Senator](#) to oppose.

In an effort to punish pro-life states (like Georgia) that have voted to protect unborn children and also co-incidentally offer state film incentives, [AB 1442](#), by [Assemblyman Luz Rivas](#), is dubbed "Share our Values" tax credit for films, but might better be called "Force our Values". It will give California taxpayer dollars to motion picture or television shows that relocate from Georgia or any other state that has approved or has pending legislation that 'restricts a woman's right to an abortion.'

Contact [YOUR STATE SENATOR](#): Urge them to vote NO on AB 1442. Tell them our tax dollars should not be used as part of an ideological game. We already pay for abortions without any fiscal limit, through the general fund. Using our tax dollars to punish other states and encourage the killing of children.

[THE CA STATE DEPT. OF FINANCE](#) Now opposes the distribution of RU 486 on campus. [See opposition here.](#)

YOUR opposition is still very much needed

[SB 24](#) which will create the greatest, single expansion of the abortion industry by forcing all state colleges and universities to become chemical abortion dispensaries, is now very likely to be on the Assembly floor VERY Soon. CONTACT YOUR CA Assembly member, tell him or her our institutions of higher education should educate and not become abortion centers. Tell them you are deeply concerned and will want to know how they will vote. Find your [STATE ASSEMBLY MEMBER HERE](#)
