

HEAR THE POOR

Fe (the faithful one)

Human beings are part of nature. Human life, intelligence and freedom are elements of the nature that enriches our planet. We are part of how things work and how they balance.

– Pope Francis, Laudate Deum, # 26

Every human being needs a safe place to live, with clean air, water and soil. God wants all people to live and learn and work together as one family. Our call is to work for the common good of all.
