

ALPHA Sign Up for Religious Ed Families

**** We are asking ALL FAMILIES to RETURN this form****

ALPHA is a **small group program video series** that involves **sharing a meal, watching a 25 minute video** (they're pretty good!!) and **brief small group discussion**. ALPHA is being implemented throughout our diocese and many others in the country currently, as well as having been used throughout the world for years in different formats. ***The Goal? To help ALL of us reconsider our relationship with God and how our faith works its way into our everyday life.*** Whether you go to mass regularly or don't feel very engaged in the faith, this program can make a positive difference in your life, and in turn make a positive difference in your children's lives, too. Ultimately, **children look to their PARENTS as their spiritual barometers**, so let's roll up our sleeves and dive in! We are bending over backwards to try to make this as convenient as possible for you and your families because we know you're busy and because we also really BELIEVE this can be a great experience for each of us and for our community collectively! Let us know if there is something we can do to help you participate in Alpha! (Got other kids you need to run places? Let's see if we can work out a way for you to join us – it's possible to catch the videos online
