

# Holy Family

## \*Disaster Preparedness Planning Team\*

The Holy Family Disaster Preparedness Planning Team has been working diligently over the past year to develop plans in the event of an emergency. We are working in conjunction with Catholic Charities USA, SINCOAD (Southern Indiana Community Organizations Active in Disaster), Emergency Management Agency (EMA), other local disaster agencies, Our Lady of Perpetual Help and Scottsville Christian Church.

Over the year we have been inspected to become a shelter in case of an emergency, inspected to become a Volunteer Center in case of a very large emergency, attended community meetings (making our presence and willingness to help known), and attended workshops with CCUSA and Norton Healthcare.

We have also devised an assessment volunteer worksheet to help us place anyone in the parish who would be interested in volunteering in a time of disaster with the correct agency for their talent/level of skill/interest (see the reverse side of this letter). We would appreciate everyone taking a few moments to look over it and decide where you would be best utilized in the case of a disaster. Once we receive your volunteer sheet, we will pair you up with an appropriate agency so that they may

do the necessary volunteer paperwork in advance so you are ready to go if the time comes. If you have any questions about what some of the areas would entail don't hesitate to call any of the members of our committee listed below. Please return the volunteer sheet to the Theresa Shaw at the Parish Office.

Then watch for us September 24<sup>th</sup> and 25<sup>th</sup> at each of the Masses! We will have materials available in the forms of Emergency Grab and Go Kit ideas, What to do in case of...(fire, tornado, earthquake, flood) flipcharts and a book of emergency information of all kinds. We have also included some of this information in the back of the new church directory that you will be receiving soon.

*Thank you for helping us to serve our neighbors in times of disaster!*
