### **GOD CAN FORGIVE ABORTION!**

In an appearance on the Jim and Joy Show on EWTN, Theresa Bonopartis shares her experiences after the abortion she had when she was 17 years old. Theresa talks about the pain and suffering she experienced for years because she thought she could never be forgiven, until one day during a parent meeting for her son about to make his first confession and communion, the priest talked about sins and forgiveness, and said "God can forgive abortion". Theresa shares how her life changed after hearing those words, and she went to confession, and started on her *Journey to Healing through Divine Mercy*, which is the name of her new book.

During her interview, she talked about the 60 million abortions that have happened in this country. 1 in 4 women have had an abortion, and many of us know someone who has had an abortion. Many abortions were not wanted by the woman but coerced by boyfriends, family or friends, and left feeling she had no choices. Some women have long term effects, such as behavioral or psychological conditions, drug and/or alcohol addictions, that they don't recognize are caused by the guilt and loss from abortion.

Today Theresa is involved in the post abortive ministry called Entering Canaan. Entering Canaan is a post abortive ministry started by Theresa and the Sisters of Life. Below I've included a notice about the next day of prayer:
